Dear mr. Aaltonen,

I hope your elections went well and you are still planning to visit the Netherlands. I have been planning your programme a bit more in detail and we propose the following. If this does not quite cover your needs please contact me so we can still try to make some adjustments. We assume you have tuesday april 24 the whole day available for us. We would also very much appreciate if you could give us a general introduction in the experiments that you are (planning to) conduct (ing). I have reserved some time for that in the agenda at the end of the day.

Finally I would appreciate receiving a mobile phone number or the address of your hotel so we can pass on last minute changes in the programme if that is necessary. The meetings will take place in the premises of our Electoral Council: Herengracht 21, The Hague.

We propose the following:

10.00: Welcome and introductions  
10.15-11.00: the Dutch electoral system/electoral management (Diana van Driel)  
11.00-12.00: work and roll of the Electoral Council (Leontine Loeber)  
We will try to focus these presentations on issues that are relevant in relation to distance voting.  
12.00-14.00 Lunch break  
14.00-15.00: Internetvoting experiment for Dutch citizens living abroad conducted in November 2006 and look into the future (Esther Bener)  
15.00- 16.00: Technical briefing on the internetvoting system used in November 2006 (RIES) (Marco Rijkschroef of the Dutch Water Boards),  
16.00-17.00: Presentation of the Finnish delegation about e-voting in Finland.  
17.00-18.00: Drinks with several persons involved in e-voting

Kind regards

Diana van Driel

Dear Diana van Driel,  
thank you very much for your prompt response and for your patience. In Finland we have ongoing our parliamentary elections (election day is 18 march), so I have some current experiences of the hurry elections and foreign delegations sometimes may cause.

Our group is planned to consist of four persons representing the Ministry of Justice, namely

26-3-2008

Mr Arto Jääskeläinen, director of electoral administration  
Mr Jukka Leino, project manager in the ICT Centre of judicial administration  
Mr Urho Lindroos, technical adviser in the ICT Centre of judicial administration  
and Mr Jussi Aaltonen, Senior Adviser, Legal Affairs.

Added to this we would be accompanied by three persons working in our project organisation: Ms Maarit Kainomaa, Ms Heini Holopainen and Ms Riitta Rajala. They all are employees of TietoEnator Oyj, which is a private company delivering and hosting our Election Information System.

With kind regards  
Jussi Aaltonen
